

**LIGHTNING COLLOIDAL SILVER™  
FROM  
ENRICHING GIFTS INT'L.™**

- Lightning Colloidal Silver™ is the only Colloidal Silver product *charged with extremely high lightning voltage.*
- Most Colloidal Silver products are made through an electrolysis process using only 110V or 220V current.
- The high charge leaches the Silver into much smaller particle size than those found in other Colloidal Silver products.
- Because of the higher charge and the smaller particle size, the Silver stays in suspension longer.
- **Our bodies can rapidly absorb and utilize the essential Colloidal Silver mineral.**

**COLLOIDAL SILVER  
MAY BE USED IN MANY WAYS**

- Apply directly to cuts, scrapes, etc.
- Eye drops
- Ear drops
- Hair rinse to kill bacteria
- Gargle
- Nose drops
- Vaginally
- Anally
- Rinse for skin irritations and athlete's foot fungus
- Add to drinking water to purify it
- Spray vegetables to kill bacteria
- Treat infections and parasites in pets
- Helps eliminate bacterial, fungal, and viral problems on plants

**LIGHTNING COLLOIDAL SILVER™  
INGREDIENTS**

- Water - purified, deionized, and micro-filtered.
- Silver mineral (99.999% pure) - ten parts per million.
- One ounce of *Lightning Colloidal Silver™* contains over nine billion electrically charged ions of Pure Silver Mineral.

- 32 Oz. Bottle - *Suggested Retail - \$129.95*

***Please call for Wholesale and Manufacturer's  
Discount Pricing Information.***

***1-406-232-4414***

**DIRECTIONS FOR USE**

- As a dietary supplement, take one ounce daily as needed, or as directed by your health care professional.
- Not recommended to exceed 6 weeks of continued use orally.

**ENRICHING GIFTS INT'L.™  
MISSION**

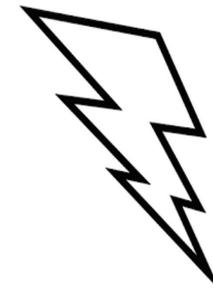

- To provide basic support for health and wellness; body, mind, and spirit.
- To create a new way to conduct business that embraces the spirit of trust and harmony while working together in aligned ways.
- To provide affordable health care and to open free health care clinics throughout the world.

*Comments/ Questions- 1-406-232-4414*

**Sharing the Blessings of Nature  
For Your Health**

**LIGHTNING  
COLLOIDAL  
SILVER™**

***Naturally*  
Anti-Bacterial  
Anti-Viral  
Anti-Germicidal  
Anti-Fungal  
Anti-Biotic**

**32 Oz. Bottle**

***An Exciting New Product from  
Enriching Gifts Int'l. Inc.™***

## COLLOID

- A system in which finely divided particles are suspended in a medium, usually a liquid or gel, in a manner that prevents them from being filtered easily or settled rapidly.
- Our bodies can rapidly absorb and utilize essential ionic minerals.

## COLLOIDAL SILVER

- Made of very fine charged silver particles and silver ions suspended in water.
- These particles do not settle, but remain suspended due to size and electric charge, causing them to repel each other.
- Colloidal Silver brings the ionic charge into the body.
- This ionic charge disables the mechanism that all one-celled bacteria, fungi, and viruses use for their oxygen metabolism.
- Colloidal Silver moves in the blood and enters the cells to find and destroy harmful organisms within minutes after contact.
- Silver is one of the most universal anti-microbial substances known-it is deadly to primitive anaerobic life forms.
- Silver is toxic to parasites, most bacteria, fungi, certain viruses, and protozoa germs.
- Colloidal Silver has shown tissue-healing properties.
- Ionic Silver has electrical stimulation properties.
- Colloidal Silver is tasteless, odorless, non-irritating to body tissues, and does not form silver deposits in the body.

## HISTORY OF SILVER USE

- The properties of Silver have been known for millenia.
- In ancient civilizations, wealthy people would store their water in Silver vessels to keep bacteria from growing.
- American settlers would put a Silver dollar in milk containers to delay its spoilage.
- In 1834, F. Crede, a German obstetrician, used 1% Silver nitrate in the eyes of newborn infants, eliminating the incidence of blindness caused by disease in newborns.
- In the 1970's, *Dr. Carl Moyer*, chairman of Washington University's Department of Surgery, worked with *Dr. Harry Margraf* of St. Louis, and other surgeons, to find an antiseptic strong enough, yet safe enough for use over large areas of the body. They found that many of the 22 antiseptic compounds studied were ineffective against a number of harmful bacteria. ***Extensive trials proved Silver to be the most effective*** and it is currently used in major burn centers in the United States. "*What we actually have done, was rediscover that Silver kills bacteria*", stated *Dr. Robert O. Becker*.
- The Russian Space Stations use Silver to sterilize recycled water.
- NASA uses a Silver water system for the space shuttle.
- Silver water filters are used by many airlines to protect passengers from diseases such as dysentery.
- Colloidal Silver was being used as a medicine before FDA regulations began in 1938.
- Pure Colloidal Silver does not require a prescription.

## INFECTIONS

- Infections are the third leading cause of death in the United States.
- Many powerful germs are resistant to drugs and antibiotics.
- Chemicals in our environment, and the over-use of some antibiotics and common pain-relieving drugs, have weakened many people's immune systems.
- Unnecessary use of antibiotics can make bacteria that cause disease more resistant to treatment.
- The potential increase of infectious disease is a critical concern at the present time.

## COLLOIDAL SILVER AND INFECTIOUS DISEASES

- Colloidal Silver has been called "The Universal Antibiotic."
- It is effective against many infectious conditions.
- Colloidal Silver is 100% safe and non-toxic when manufactured properly.
- No disease-causing organisms have ever developed any resistance to Colloidal Silver.
- Colloidal Silver *may* alleviate many conditions, including:
  - Staph Infections
  - Fungus Conditions
  - Strep Infections
  - Athlete's Foot
  - Bacteria on Hair & Scalp
  - Vaginal Yeast Infections
  - Acne
  - Burns
  - Influenza
  - Meningitis
  - Diarrhea
  - Ear Infections
