

Get the Tools to Live Life to the Fullest!

Why take drugs when you can take 'living' enzymes and prevent health problems before they happen?

- Support Your Body's Diet to Function Optimally
- Balance Your Hormonal System
- Recover Quickly from Illness or Hard Physical Workout
- Aid Your Digestive System
- Neutralize Acids & Toxins in Your Body
- Protect Against Bacteria, Germs and Viruses
- Address Degenerative Conditions and More...

Arthritis	Gout	Obesity
Cancer	Coronary Disease	Food Allergies
Diabetes	Tuberculosis	Insomnia
Fibromyalgia	Inflammatory Conditions	A.I.D.S.

- Inducted into the NASA (Natural Athletes Strength Association) Hall of Fame 2009
- 81 World Records
- 2 Time Arnold Schwarzenegger Classic Finalist

Special Guest Tom Manno, World's Strongest Man Over 50...

Come to this event and change your life forever!

Live blood analysis by Ron K. Schneider...Get the tools to live life to the fullest.

Meet with Ron K. Schneider, 2001 Nobel Prize nominee, and change your life forever. Ron studied alternative and holistic medicine for many years focusing on research with enzymes & developing private label products. Consequently, he decided to focus on his own premier line of nutritional products to ensure the quality and effectiveness remained constant without regard to development costs.

Ron has made numerous national television appearances including the Oprah Winfrey Show, Good Morning Canada and W.L. Willard "Street Talk" of Chicago and speaks weekly on how everyone can "prevent" disease and degenerative conditions through proper use of plant enzymes.

Ronald K. Schneider specializes in the field of immunoenzymology and Darkfield Phase Contrast Microscopy. Over the past 15 years, he has used the Darkfield Phase Contrast Microscope to analyze the blood of more than 60,000 people, and has found that more than 90 percent of them were not as healthy as they thought they were. He says many were developing potentially deadly conditions without any symptoms and who otherwise thought they were healthy. Ron promotes fighting disease and boosting the immune systems. Not through drugs, but through natural plant enzymes.

SATURDAY, MAY 16TH

10 AM - 1 PM

Comfort Suites

7200 Fun Center Way • Tukwila, WA 98188
